7	The once area of dissatisfaction is that Fernglen Drive was opened up in multiple places. Instead of repaving the entire street, only portions were repaved and we are left with uneven surfaces and cracks in the street that were not repaired. The onsite contractor was very helpful in managing traffic and driveway access. The followup work done by the city re: water mains, etc often happened with no notice (such as shutting off water to my house multiple times with no notice) but that may not have been avoidable. Thank you for requesting our feedback.
