The City of Santa Rosa Fire Department is developing a Community Wildfire Protection Plan (CWPP) focused on identifying and addressing the local threat of wildfire. The CWPP will ultimately provide a roadmap of actions for our community to implement in order to address the threat of wildfires.

The City will host three upcoming community workshops to gather public input. Residents are encouraged to attend one of the following:

**WORKSHOP #1 - JULY 22**  
FINLEY COMMUNITY CENTER  
2060 W COLLEGE AVE

**WORKSHOP #2 - JULY 25**  
SANTA ROSA VETERANS MEMORIAL BUILDING  
1351 MAPLE AVE

**WORKSHOP #3 - AUGUST 14**  
RINCON VALLEY LIBRARY  
6959 MONTECITO BLVD

***EACH WORKSHOP WILL BE HELD FROM 6:00 PM - 8:00 PM***

Resident and stakeholder input is critical to our success and the safety of our community. Workshops will provide a positive, solution-based environment in which you can provide input into how we can address wildfire hazards and risks in our community. Learn more: srcity.org/CWPP
