Commitment to Civility

To assure civility in its public meetings, the Santa Rosa City Council has adopted rules of decorum applicable to the Council, staff and the public to be followed at Council meetings and implemented by staff at other public meetings hosted by the City. In an effort to promote respect for the freedom of speech and the right to request that elected officials address citizens' issues that relate to City business, the City Council and City staff seeks to:

- Help create an atmosphere of respect and civility where elected officials, City staff and the public are free to express their ideas;
- Establish and maintain a cordial and respectful atmosphere during discussions;
- Prevent personal attacks;
- Listen with an open mind to all information including dissenting points of view regarding issues presented to and by the Council and staff;
- Respect City staff, for fulfilling their responsibility for making presentations to the Santa Rosa City Council; and at public meetings hosted by the City;
- Recognize how difficult it is for anyone to speak at Council and other public meetings, and out of respect for each person's feelings, allow them to have their say without comment, including booing, whistling, or clapping;
