

Self Service Permit Center

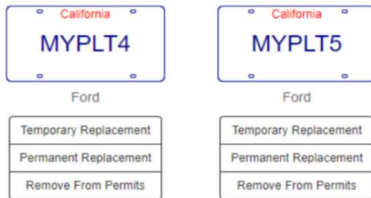

UPDATE LICENSE PLATE INFORMATION

Your permits have been uploaded to your account. You need to login to add your vehicle information and license plate number/s.

- You can add up to three vehicles registered to the permit holder

Vehicles on your account: [Add a new vehicle](#)

- Go to <https://srparking.srcity.org>
- Log-in to your account.
- Click Vehicles.
- Click Add a new vehicle.
- In the Permit Change Screen, click Add Additional Vehicle
- Choose the Permit to Modify
- Add vehicle information and license plate number, press Confirm, and press Complete on the next screen.
- Repeat for each permit on the account.

Please note: You may park one (1) vehicle per permit in the Parking Lot at any single time. The Permit is for the sole use of Access Holder vehicles and all Access Holder license plate numbers must be on file with the City. Cars must be parked in the Parking Lot with the vehicle's license plate clearly visible to the license plate recognition cameras used by City Parking Enforcement Officers.
