

## RESIDENTIAL PERMITS

### We have transitioned to digital permits.

Your residential permit is now digital. Your permit is now your license plate number and there is no need to display anything in your vehicle.

Here are things you can now do online:

1. Get a password and access your account
2. Transfer permit to another vehicle
3. Request a 1-Day Guest Pass that you can print at home

### 1. GET A PASSWORD

No need to register, your account is already active.

- Use your email
- Click Forgot Password
- You will receive a password recovery email to log in

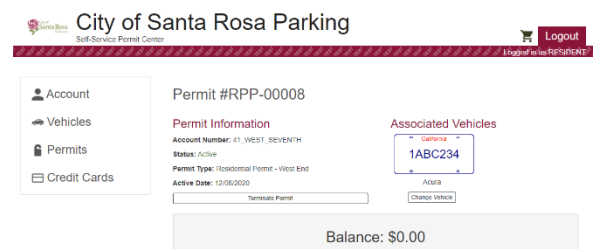

Learn more | [Watch a Video \(or visit srcity.org/3293 under the Digital Residential Permit tab\)](#)

### 2. TRANSFER PERMIT TO ANOTHER VEHICLE

- Temporarily change your permit to a guest
- Replace your vehicle with a loaner if it's at the mechanic's
- Update your permit when you buy and sell a vehicle
- Make these changes online or you can give us a call or send us an email. (707) 543-3325 or [srparking@srcity.org](mailto:srparking@srcity.org)

Learn more at <https://srcity.org/3293>

### 3. REQUEST 1-DAY GUEST PASS TO PRINT AT HOME

If you have a guest coming but also still need your normal permit for your car, a 1-Day Pass can be issued for guests. The 1-Day Guest Pass allows residents to request up to 5 passes within a rolling 30-day period.
