

March 16, 2020

**CityBus Transitions to Modified Schedule  
Effective March 17, 2020**

CityBus will transition to a modified schedule effective Tuesday, March 17, 2020 beginning with the start of service at 5:50 a.m. The modified level of service is meant to balance the current anticipated reduction in demand with ridership that includes essential workers and the communities need for essential travel.

These changes will remain in effect until further notice. Thank you for your patience during this time.

Using the list of routes below and their corresponding service level, riders can reference the schedule as detailed in the CityBus system map. Maps are available at [CityBus](#), on the bus or at the Transit Mall. For the most up to date information on CityBus, please either call us 707-543-3333 or follow us on [Twitter](#).

Remember, together we can prevent the spread. Visit [SRCity.org/PreventTheSpread](http://SRCity.org/PreventTheSpread) for more resources and helpful tips.
